THINGS TO REMEMBER:

- **LOOK BEFORE YOU LOCK--**Parents suffer from exhaustion due to lack of sleep, stress and changes in their normal routine. Any one of these can cause your memory to fail at a time when you least expect it. Even the best of parents or caregivers can overlook a sleeping baby in a car; and the end result can be injury or even death. [Click here](#) for a Safety Checklist with ideas to create simple habits to help keep your child safe. Visit www.KidsAndCars.org for additional information.
- **TRASH DISPOSAL OF MATTRESSES**
We have been informed by our solid waste collection provider, Seaside Waste, that effective immediately, all mattresses must be fully wrapped in plastic/tarp material and secured with tape or secured inside a mattress disposal bag. Unwrapped mattresses or those that are not fully secure will not be collected.
- **RECYCLING CART PLACEMENT**, where you place your cart for collection is just as important as what goes in! [Click here](#) for details.
- **SWIMMING POOLS**—Permits are required for Swimming Pools which can hold water 24 inches or more in depth. (Township Code, Chapter 254) This includes inground, aboveground and on-ground swimming pools, hot tubs and spas, regardless if they are permanent structures or will be take down at the end of the summer.
- **GRASS CLIPPINGS** and/or other debris may not be blown into the street as it is a violation of our storm water plan and ordinance 2006-04. This type of debris can be washed by rain into the storm drains, then directly to our water supplies. Grass may be bagged and put out with your regular trash. *Let's work together to keep Delanco a Clean Community!*
- **HELP KEEP MOSQUITO POPULATIONS DOWN BY EMPTYING, DRAINING, REMOVING OR COVERING ANY CONTAINER THAT CAN HOLD WATER.** Change water in birdbaths frequently, a least once a week. **Remember NO STANDING WATER = NO MOSQUITOS.** [Click here](#) for more tips to help with Mosquito control.
